Re: Horsham Water & Sewer Authority
County Line Road Area Water Infrastructure Improvements

Dear Resident,

This is a follow up to our letter on October 16, 2020 advising of a planned upgrade to the water infrastructure in your area. This is to clarify that the water main serving your property is not being replaced, therefore your water service will not be disconnected/replaced. The purpose of this notification is to advise you that the work could potentially result in temporary changes in traffic patterns in the area of your property.

Please note, this will be the last direct mail correspondence. All future updates will be provided via our website and Facebook page. If you have not signed up for web updates, please do so at <https://www.horshamwater-sewer.com/customer-updates> or join our Horsham Water and Sewer Authority Facebook page.

Should you have any questions about the project, please feel free to contact our office.

Very truly yours,

Tina M. O'Rourke
Business Manager

TMO
